

About the Journal :

The Editorial Board of Saudi journal of Technical and Vocational Training "SJTVT" are working to deliver high quality content with the highest transparency and clearest ethical behavior as possible. For this reason, a series of procedures and Publication Guidelines are followed:

The Chief Editor and the Deputy Chief Editor will first screen newly submitted Papers. Papers may be rejected for Publication at this stage if they are of insufficient quality, outside the scope of the journal or they are considered not original. Papers that do meet the minimal requirements for publication are assigned to one of the Editorial Board Members, who sends the Paper out for review. Reviewers are selected by the on the basis of their expertise, their availability, and such as to avoid possible conflicts of interest. A reviewer is asked to evaluate whether the Paper is scientifically sound, original, relevant, clear, whether it correctly references previous work, and whether it falls within the scope of the journal or Topics of the conference.
